Chennai, India.

EXPERIENCE (3.5 Years)

GEVINST TECHNOLOGIES PRIVATE LIMITED | Consultant – Flutter Developer

March 2023 – Present | Chennai

- **Track My Buddy** – Track My Buddy (TMB) is a sophisticated vehicle tracking application designed for parents and school transport management. It provides real-time updates on children's transportation activities, ensuring safety and efficient communication between parents, school administrators, and drivers..
- **Enrich** - A Learning Management System (LMS) is a versatile platform that centralizes educational activities, including course management, assignment distribution, and assessments. It enables teachers to create and manage course content while allowing students to access resources, submit assignments, and take exams online. With features like gradebooks, progress tracking, and feedback tools, the LMS supports various assessment formats, tracks student performance, and facilitates communication between teachers and students, enhancing educational efficiency and engagement.
- **Spareit** - A Vehicle Garage Management System is a comprehensive solution designed to streamline automotive service center operations. It manages vehicle repairs, maintenance services, customer appointments, and service history tracking. The system includes an inventory management module to track spare parts, tools, and supplies, ensuring timely restocking and minimizing downtime. Supporting multi-location operations, it is available in the India, Malaysia, and Philippines, offering seamless management of international service centers with localized features and compliance with regional regulations.

FREELANCER | Mobile App Developer

May 2021 – Feb 2023

- Developed and launched three mobile applications for various clients,
- Maintained and updated existing applications, ensuring compatibility
- Integrated third-party services and APIs to enhance app functionality and user experience.
- Utilized state management techniques to build scalable and maintainable codebases.

- [TrackMy Buddy](#) (Flutter,Node js,MySQL)
- [Enrich](#) (Flutter,Java,MySQL)
- [TeachSmart](#) (Flutter,Java,MySQL)
- [Spareit](#) (Flutter,Node js,MySQL)
- [Stolt](#) (Flutter,Node js,MySQL)
- [TrackMy Way](#) (Flutter,Node js,MySQL)

EDUCATION

Madurai Kamaraj university – 2016 – 2019,
BCA.

SKILLS

- Frontend – Android Native, Figma
- Backend – Basics of MySQL ,Basics of Java, Basics of SQL,
- Framework – Flutter,
- Language –Dart, java
- Others – GitHub

FLUTTER SKILLS

- State Management (Provider, Bloc,GetX)
- Architectural Pattern(MVC,MVVM)
- Firebase Integration
- Payment gateway Integration
- Google ads Integration
- UI/UX Design Principles
- Google Map Integration
- RESTful API Integration
- local storage(SQLite,Hive)
- Problem-Solving and Debugging

PLUGINS

- [SMS Retriever API Plus](#)
- [Root Checker Plus](#)
- [Cached svg Image](#)

LANGUAGES

- ENGLISH – Professional Working Proficiency
- TAMIL – Full Professional Proficiency
